Online Registration Discounts

Sibling discount and returning player discount configurations are now available. Users will be able to create discounts that the system will automatically pull in during online registration or when an order is created internally. The new discount feature is available at the club registration level.

To utilize the new discount feature:

- 1) Go to **clubs** on the left
- 2) Click on the **Registration** tab
- 3) Click on the new **Discounts** sub tab located next to fees
- 4) Select the desired play level

The screenshot shows the registration system interface. At the top, there are navigation tabs: Club Config, Registration, Security, Teams, Events, Background Checking, Messaging, and Content. Below these are sub-tabs for the Registration section: Season, Custom Fields, Fees, Discounts, Fields, Billing, and Travel Requests. The 'Discounts' sub-tab is selected. Underneath, there are more specific options: CCAAP, Competitive (highlighted in yellow), ODP, Recreational, Signature, TOP Soccer, and Try Out. A note states: "All discount amount must be negative if a discount is given". There are two checkboxes: "All play levels are set equally" and "All our age groups are set equally". A "New Discount" section contains a dropdown menu labeled "Select a Discount Type". Below this, there is a table for entering discount amounts for different age groups:

	Comp
